Technical Specifications

SPECIFICATION	NEXTLIGHT 150h
Operating Voltage	120-277 VAC
Operating Frequency	50/60 Hz
Input Current	1.25A @ 120V, 0.63A @ 240V
PPF	390
Energy Use	150 Watts
PPF/Watt	2.6
Operating Temperature	-4°F to 104°F (-20°C to 40°C)
BTU Output	515
Dimensions (in)	15 x 15 x 3
Dimensions (mm)	382 x 379 x 71.5
Weight	6 lbs (2.72 kg)
Warranty	5 Year Limited
Life Rating	Q90 > 50,000 Hours
Certifications	CE
Environment	IP65, Wet Rated

Onboard Dimmer

The Onboard Dimmer allows you to dial in dimming values from 0-100% giving you precise control over your desired light intensity.

NextLight Full Spectrum LED

NextLight fixtures emit a full spectrum, bright white light which is more sun-like than even your traditional HPS. Using this spectrum you can expect tighter internodal spacing and better overall quality.

NextLight's Full Spectrum is easy to work under and provides the same sun-like qualities plants love without the negatives of high energy requirements and high heat.
